**Universal Common Descent?**

Then God said, "Let the earth bring forth grass, the herb *that* yields seed, *and* the fruit tree *that* yields fruit **according to its kind** ....

So God created great sea creatures and every living thing that moves, with which the waters abounded, **according to their kind**, and every winged bird **according to its kind**.

And God made the beast of the earth according to its kind, cattle according to its kind, and everything that creeps on the earth **according to its kind**.

---

---

---

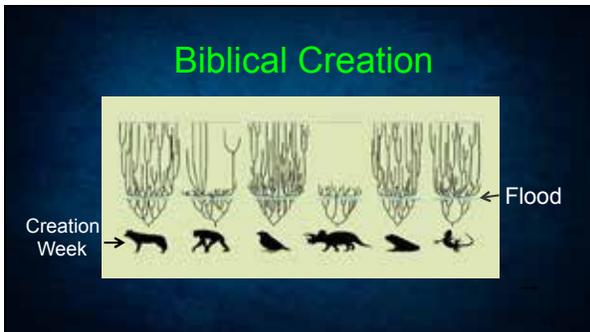

---

---

---

---

---

---

---

---

---

---

---

All flesh *is* not the same flesh, but *there is* one *kind of* flesh of men, another flesh of animals, another of fish, *and* another of birds.

1 Cor. 15:39 (NKJV)

---

---

---

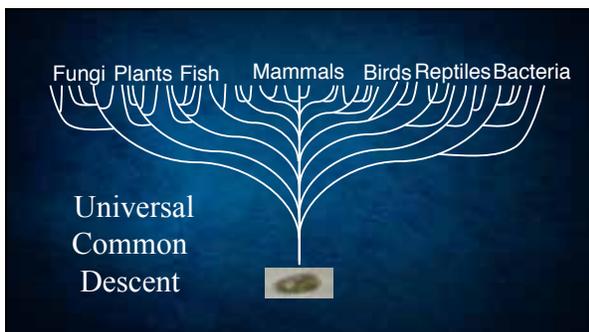

---

---

---

---

---

---

---

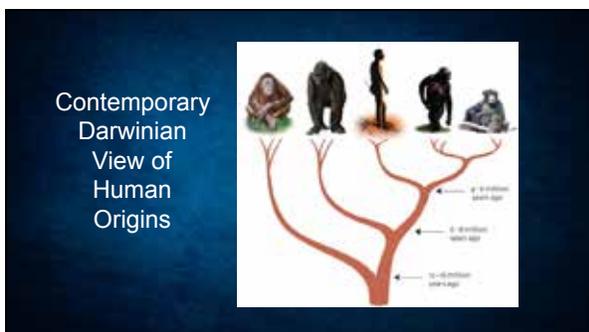

---

---

---

---

---

---

---

---

---

---

---

Then God said, "Let Us make man in Our image, according to Our likeness; let them have dominion over the fish of the sea, over the birds of the air, and over the cattle, over all the earth and over every creeping thing that creeps on the earth." So God created man in His *own* image; in the image of God He created him; male and female He created them.

And the LORD God caused a deep sleep to fall on Adam, and he slept; and He took one of his ribs, and closed up the flesh in its place. Then the rib which the LORD God had taken from man He made into a woman, and He brought her to the man.

God called the light Day, and the darkness He called Night. So the evening and the morning were the first day.

And God called the firmament Heaven. So the evening and the morning were the second day.

Then God said, "Let the earth bring forth grass, the herb that yields seed ... And God saw that it was good. So the evening and the morning were the third day.

Then God said, "Let there be lights in the firmament of the heavens to divide the day from the night ... And God saw that it was good. So the evening and the morning were the fourth day.

Then God said, "Let the waters abound with an abundance of living creatures ... So the evening and the morning were the fifth day.

**"Day" – Hebrew *yôm* (*yôwm*)**

- Solar day (24 hours)
- Hot/daylight period
- Sunrise to sunset
- Generic period

(Essentially same meanings as "day")

How does Genesis 1 define Yôwm?

Then God said, "Let there be light"; and there was light. And God saw the light, that *it was good*; and God divided the light from the darkness. God called the light Day, and the darkness He called Night. So the evening and the morning were the first day.

For *in* six days the LORD made the heavens and the earth, the sea, and all that *is* in them, and rested the seventh day. Therefore the LORD blessed the Sabbath day and hallowed it.

Then God said, "Let Us make man in Our image ... let them have **dominion** over the fish of the sea, over the birds of the air, and over the cattle, over all the earth and over every creeping thing that creeps on the earth ... fill the earth and subdue it; have **dominion** over the fish of the sea, over the birds of the air, and over every living thing that moves on the earth."

According to evolution, humans existed:  
0.0002% of Earth history  
0.0003% of life history

How do humans have dominion?

"Kind" is God's classification

- lowest level of difference @ creation
- able to interbreed (Gen. 1:12, 21, 25)

### Laetoli Site G Footprints

Claimed to be 3.5 m.y. old

Tracks are “modern” gait

Claimed made by  
*Australopithecus*

Demonstrates ‘Lucy’ walked upright, similar to humans

---

---

---

---

---

---

### Modern Appearance

“If the G footprints were not known to be so old, we would readily conclude that they were made by a member of our genus *Homo*...”

R.H. Tuttle. 1990. *Natural History*. March, p. 61-64.

### The Mysterious Case of 1470

---

---

---

---

---

---

---

---

In 1972 KNM-ER 1470 fossil found  
Volcanic rock above 1470 dated at 2.6 myo  
1470 claimed to be 2.9 m.y.o.

2.6 myo rock

KBS Tuff

1470 fossil  
2.9 myo

Large brain capacity 800cc  
Modern in appearance

### The Problem!

2.6 myo rock

Lucy (1973-74)

3.0 myo rock

---

---

---

---

---

---

---

Lucy: ape-like (2.9 myo)  
1470 skull: less ape-like (2.9 myo)

Ape-like      More Modern

**How Do Evolutionists Solve This?**

---

---

---

---

---

---

---

### Solution

Throw out the 5 methods used to date the KBS Tuff and use fossil pig sequences to re-date:

Lucy (3.2 myo)  
1470 (1.8 myo)
