

- 4 Read the account of Jesus inviting the thirsty to come to Him in John 7:37-39.
- A How do you think we “drink” from Jesus? What does that look like?
- B Jesus seems to say here that those who drink from Him become sources of refreshment for other people, because “living water will flow from within them” to quench the thirst of others. Have you ever seen that happen? If so, describe it.
- 5 We are praying that those who call Heights their spiritual home will be thirsty people, that it will be common among us.
- A If we succeed in that goal, what do you think our church will look like? How will it impact us as a group?
- B If individuals succeed in that goal, becoming people who thirst, how might their lives be changed?
- 6 How would you like to see your own life change as a result of this study?
